England and The Transvaal Seem  
Disposed to Await an  
Overt Act First.

## WAR AGENTS ARE ACTIVE

Unconfirmed Report of a More  
Conciliatory Dispatch From  
The Transvaal.

## LONDON EXPECTS AN ATTACK

LONDON, Sept. 19.—The Pall-Mall  
says the Boers are expected to take  
the initiative and an attack is hourly  
expected.

CAPE TOWN, Sept. 19.—It is known  
that the Boer agents are active  
throughout the country. It is reported  
they have distributed arms to Premier  
Schreiner's constituency. Many  
reports are received here from the  
country districts of the uneasiness  
among the natives. Uprisings are  
feared and the farmers are asking  
permission to organize militia for  
local defense.

LONDON, Sept. 19.—A Cape Town  
dispatch says it is persistently rumored  
that the Transvaal sends a more  
conciliatory dispatch to the British  
government. At the colonial office  
today nothing could be learned regard-  
ing the rumor.

LONDON, Sept. 19.—The United  
States consul in Cape Town has gone  
to Bloemfontein at the request of the  
government of the Orange Free State,  
to confer regarding the crisis. The  
Orange Free State executive is anxious  
to secure American intervention.

BERLIN, Sept. 19.—The Associated  
Press learns authoritatively that the  
German government has emphatically  
informed President Kruger to expect  
no assistance in the event of war  
with Great Britain.

LONDON, Sept. 19.—Mr. Chamber-  
lain came to London yesterday after-  
noon and spent the evening at the colonial  
office. There has been a lively  
interchange of dispatches between  
the foreign, war and colonial offices,  
but no summons has yet been issued  
for a cabinet council. Long dis-  
patches were sent last evening to the  
viceroy of India, Lord Curzon, and  
to the British high commissioner in  
South Africa.

## PUBLIC SPEAKING.

and Dr. James to Visit Us.

As has been before announced in the  
Sun General W. S. Taylor, Senator  
Deboe and Dr. James will visit Paducah  
on the 21st to address the people  
in behalf of the Republican ticket,  
of which General Taylor is the head.  
The speaking will be in Yeiser park  
and the local committee will endeavor  
to arrange for the comfort of all.  
A rousing crowd is expected.  
All who want to hear the state can-  
vass discussed from an enlightened  
and respectable standpoint are urged  
to be present.

## NOTHING FROM SIMON.

His Whereabouts Still a Mystery  
in Paducah.

Nothing has yet been learned of  
the absconding manager of La Belle  
park, L. A. Simon. It was today  
learned that he transferred to a  
young man named Graham, who went  
away with him from the park, all his  
personal possessions and everything  
else he did not take with him. It is  
not known whether he went.

## YELLOW FEVER.

WASHINGTON, Sept. 19.—From  
thirty to forty cases of yellow fever  
are developing every day at Key West.  
There are now about 400 cases there.  
Yesterday's report was thirty-three  
cases and one death. There is one  
new case in New Orleans, and the dis-  
ease is reported to have made its  
appearance at Hattiesburg, Miss.  
The quarantine regulations against  
New Orleans are being modified or  
abolished altogether.

## PROMINENT FRENCHMAN DEAD.

PARIS, Sept. 19.—M. Scheurer-Kest-  
ner, ex-president of the senate, and  
who was the first political man of  
prominence to champion Dreyfus,  
died today. He had been ill for sev-  
eral days with typhoid fever, par-  
tially brought on by worry over the Dreyfus  
case.

into her brain.

The cattle syndicate has been or-  
ganized, and will shortly be incor-  
porated under the laws of New Jersey  
with \$25,000,000 capital. The pro-  
moter will apply for a permit to do  
business in Texas, and there is some  
prospect that he will meet with op-  
position from the state officials.

No definite plans have yet been  
given out for the anti-trust conference  
of governors and attorney generals  
to meet at St. Louis Wednesday. It  
is believed that one of the results  
will be the calling of special legisla-  
tive sessions in some states to deal  
with the trust problem.

Sol and Jim Griffin were taken from  
London to Barboursville Sunday morn-  
ing by Sheriff McHargue and deputies.  
From the last named place the party  
left for Manchester, accompanied by  
the Barboursville company of the  
State Guards.

Gov. Thomas, of Colorado, has ap-  
plied to the authorities at Washing-

After more than twelve hours' de-

Official Declaration of Dreyfus'  
Pardon Made in Paris.

As Soon as Formalities are Ended  
the Prisoner Will be a  
Free Man.

PARIS, Sept. 19.—It is announced  
officially today that Dreyfus' par-  
don has been agreed upon in principle,  
but that it will not be signed for  
several days owing to formalities.

Madame Dreyfus and M. Labori visit  
Polkestone, five miles from Dover,  
Saturday, and engaged apartments,  
where Madame Dreyfus and her chil-  
dren will dwell in the event of her  
parole. They have been much affected  
by the news of the pardon. M. Labori is  
reported to have been much affected  
by the kindly expressions towards  
himself and Madame Dreyfus while at  
Polkestone.

As soon as the formalities of Dreyfus'  
pardon have ended the prisoner  
will join his family in England.

PARIS, Sept. 19.—Captain Dreyfus,  
twice convicted of selling army secrets  
of France to foreign powers, will be  
a free man in a few days. It was of-  
ficially announced after today's court  
session that he had been decided to par-  
don Dreyfus and that President Lou-  
bet would issue the formal papers in  
a few days. The announcement  
that a pardon had been decided upon  
caused but little surprise. It is gen-  
erally believed Dreyfus will be en-  
gaged across the frontier by friends  
after his liberation, which will be  
done secretly. When this is accom-  
plished news of his actual liberation  
will be made public.

RENNES, Sept. 19.—News of Dreyfus'  
pardon was received here this  
afternoon. It caused great excite-  
ment, but no disorder has yet resulted.  
Dreyfus is still in the military prison  
here.

PARIS, Sept. 19.—Crowds are  
thronging the streets this evening,  
discussing the Dreyfus' pardon. Many  
conflicting reports are afloat. One  
story has it that Loubet signed the  
pardon yesterday and that Dreyfus  
has already passed beyond the fron-  
tier. This report of course is im-  
probable. Absolutely no disorder  
has occurred.

## SUBS INSURANCE COMPANIES

Ed Guthrie Brings Suit Against  
Eight of Them.

Mr. Ed Guthrie, the dry goods mer-  
chant, yesterday afternoon filed suit  
in the circuit court against the fol-  
lowing insurance companies and the  
amounts named:

Hamber-Bremen for \$525.50;  
Phoenix Assurance company for \$991-  
50; Orient Insurance company, \$198-  
50; Continental Insurance company,  
\$396.50; Royal Insurance company,  
\$793.20, and New Hampshire Fire  
Insurance company for \$198.30.

This is the culmination of Mr. Guthrie's  
controversy with the companies.  
They claimed that his loss by smoke  
when Mr. Henry Bailey's store was  
burned next door, was not as great  
as he claimed, and declined to pay.  
It was estimated once or twice, but  
the estimate was not satisfactory, so  
Mr. Guthrie brings suit against  
the companies.

## PEACE TERMS

May be Desired by Aguinaldo,

## OFFER TO RELEASE CAPTIVES

Filipino General and Yorktown's  
Men Want to Pass American  
Lines to Manila.

## HE DESIRES TO CONSULT OTIS

MANILA, P. I., Sept. 19.—The in-  
surgents have promised to release the  
sixteen American prisoners, including  
Lieut. Gilmore. The insurgent  
generals have visited Gen. McArthur  
to secure permission to pass the pris-  
oners through the American lines, ac-  
companied by a Filipino general. The  
purpose of the visit of the Filipino  
general is to confer with Gen. Otis  
presumably regarding peace, as no ex-  
change of prisoners has been asked for.

WASHINGTON, Sept. 19.—Gen. Otis  
cables the war department in confir-  
mation of the Filipinos' offer to re-  
lease Lieut. Gilmore and companions  
and of Aguinaldo's request that one of  
his emissaries be allowed to pass  
through American lines and enter  
Manila for the purpose of holding con-  
sultation with the commanding gen-  
eral. Otis believes Aguinaldo desires  
to make peace overtures.

MANILA, Sept. 19.—The transports  
Ohio and City of Sydney arrived here  
this morning. The former carries the  
recruits brought over from San Fran-  
cisco by the Morgan City, which went  
ashore off the coast of Japan. The  
Sydney brought about eight hundred  
marines from San Francisco.

## ANOTHER DAY

This Will Probably be What is  
Required in Flowers Case.

The Defense Begun This Morning  
—Large Crowds in Court  
Room.

The circuit court room has been  
crowded for the past two days with  
people with a taste for the dramatic.  
The case on trial is that against  
George Flowers, of the county, charged  
with rape. The evidence has been  
unfit for publication, but there are  
points there to drink it in with eag-  
erness and evident relish. This  
morning the prosecution rested its  
case and after making his statement  
to the jury Attorney Lightfoot, for  
the defense, introduced George Flowers,  
the defendant, who told quite a  
different story from the young lady,  
admitting everything except that he  
did anything against her consent.

There are a dozen or more witnesses  
to be examined yet, and it is prob-  
able that the case will not be finished  
by tomorrow evening.  
Yesterday afternoon the prosecut-  
ing witness, Miss Mansfield, testi-  
fied. She stated that the alleged  
deed was committed in a buggy, in  
the woods. She said she submitted,  
because when she looked into the fierce  
eyes of the young man she knew it  
was a submission or die.

There was quite a dramatic scene  
in the court room when the mother of  
the girl testified. Owing to a recent  
bereavement, in which she lost her  
mother, she was not rigidly cross-  
examined. When the attorneys had  
told her they were through, however,  
she said there was something else she  
wanted to tell. Attorney Lightfoot  
objected and Commonwealth's Attor-  
ney Bradshaw insisted. She then  
said the reason she knew no more  
was because she had lost her mother,  
and began to weep bitterly. This  
had the effect of bringing tears to  
the eyes of one of the jurymen, and  
Attorney Lightfoot proceeded to give  
the commonwealth's attorney a good  
verbal lambasting, accusing him of  
unprofessional conduct in trying to  
work a scheme to prejudice the jury.

The court threatened to send At-  
torney Lightfoot to jail, and for a  
few moments there was considerable  
excitement.

## WITH THE PEOPLE.

President McKinley is Preparing  
For a Month's Outing.

President McKinley will join the  
people in many celebrations next  
month. October will be ushered in  
with the liberal use of red fire to  
welcome Admiral Dewey home and  
from that beginning the president  
will continue to celebrate with the  
people for at least two weeks and  
throughout the month. The hero  
will come to Washington on October  
2, and the national capital will be  
adorned with red fire that night. It  
will be one of the most unique home  
comings an officer ever received.  
The next day will be a holiday at the  
national capital and at noon the pres-  
ident will, on the east front of the  
capital, where he took the oath of  
office, present to Admiral Dewey the  
sword which congress has pro-  
vided as the nation's testimony of his  
great service.

The next day, October 3, the presi-  
dent and his cabinet will leave the  
capital for the west. That will be  
the beginning of the presidential  
swing "around the circuit," which  
has no other political significance  
than the effort of the president to  
satisfy the wishes of the western peo-  
ple and to join with as many as pos-  
sible in various celebrations they have  
arranged. This trip is not arranged  
by the president but by the people.  
He is simply their guest. For months  
they have been urging him to go west  
and when he consented to lay the  
corner stone of the new postoffice  
in Chicago he was overwhelmed with  
invitations from other western cities.  
He has accepted a number of these  
and is preparing to give up two weeks  
and possibly the whole month of  
October to these celebrations.

## CRIMINAL WORK

Mines Flooded in Which Men  
Were at Work Aggravat-

CHATTANOOGA, Tenn., Sept. 19.—  
Incendiaries this morning before day-  
light set fire to all of the Dayton  
coal and iron company's buildings at  
Dayton, cut the pumps and pipes and  
flooded the immense mines, in which  
several men were at work. Striking  
miners are accused of the crime.

## GRAND JURY REPORTS.

Only Three Indictments Reported  
This Morning.

The grand jury this morning re-  
ported an indictment against T. J.  
Hollahan, charged with stealing a  
raft of logs.

Will Vandyske was indicted for ob-  
taining board by false pretenses.  
Wm. Boyd was indicted for petty  
larceny.

The minutes in the examining trial  
of Ed Williams, charged with steal-  
ing a trunk from a boarding house  
at Fourth and Jefferson, were re-  
turned marked ignored.

## ACCIDENT AVERTED.

A Twisted Axle Discovered Just  
in Time Yesterday.

Yesterday as No. 281, a coal train  
run by Engineer Tyndall, was pass-  
ing Gravel Switch, above Paducah,  
coming this way, Engineer Feeney,  
of a work train on the side track, dis-  
covered that one of the axles on one  
of the cars was bent. He succeeded  
in flagging the train, and the axle  
was found to be almost twisted off.  
Had the condition of it not been dis-  
covered when it was, it is probable  
that there would have been a serious  
derailment.

## STRUCK DOWN

George Cumby Murdered by Sam  
Ireland in Ballard County  
Near Wickliffe.

## THE MURDERER ESCAPED

Marshal Collins Instructed to  
Keep a Lookout for Him—  
Ireland a Wild Youth

## PARTICULARS OF THE TRAGEDY

Marshal Collins this morning re-  
ceived a telegram from Police Judge  
Pease of Wickliffe, Ballard county,  
asking him to keep a lookout for Sam  
Ireland, wanted for murder, and who  
was believed to be coming this way.  
Ireland is a youth about 22 years  
of age and wild. He and his father,  
who are farmers, were riding in their  
buggy yesterday afternoon late near  
Blandville, when they overtook George  
Cumby and his son in another buggy,  
all going towards Wickliffe.

They had not been on the best of  
terms, and a dispute arose. Ireland  
and Cumby got out of their buggies  
to fight, and Cumby was struck in the  
head by the stock of a buggy whip and  
his skull was fractured. He died this  
morning.

Ireland made his escape, but it is  
thought by many will give up. Cumby  
was quite a good citizen, but the  
others are inclined to be quarrelsome.  
The police here could find no trace  
of the murderer.

"We are sorry that we have some Democrats that love their money better than their friends," exclaims the Leader.

What, have you felt the sting of unpopularity so early? Don't they put up like they promised? Have you reached the bottom of that horse, the one that is open and look as empty as a hungry tramp's face? Won't Goebel and the campaign committee "pony up" or rather, "plank down" it?

It takes these things, when there is a lack of readers, advertisers, etc., to justify the "walking of the ghost," an act more generally known as the appearance of the pay clerk, on Saturdays or even Mondays, and prevent such paragraphs as "We are sorry that we have some Democrats that love their money better than their friends."

—a confession that must pain. Pass the hat, boys! It is due the Leader and its various "official" managers. There should be no more such paragraphs, or there would be many more Leaders. Pass the hat!

With all the "handouts" of voters not through jealousy going elsewhere to any thing, therefore pass the hat! Papers like the Leader are windy things, it is true, but even windy papers can't live on promises, especially when "some Democrats love their money better than their friends," so pass the hat, Democrats, and do it quick.

The Sun wants the Leader to live, or rather exist; it is a fine advertising medium for the Sun, and then it is warning the Goebelites with its weak efforts in the nominees behalf and strengthening the Brownites and making solid the Taylorites. The Sun would really miss the Leader, its "cranks," and it therefore does not want it to die from starvation, so it again says, Pass the hat and along with it pass a crowbar, for use on those "some Democrats that love their money better than their friends."

The Sun is willing to heed the subscription list.

Captain W. J. Stone is disposed to admit in his last interview relative to that deal with Goebel that he was worked in trying to win the goal of his ambition—the gubernatorial chair of the state—but he talks so earnestly in the matter, which exposes his weakness as well as the other fellow's perfidy, that the people are more than disposed to forgive him. If he will only take the stump and expose the whole deal and all those connected therewith, it matters not if some of them were his supposed friends, all will be made right and he will have sufficiently repented of his grievous mistake. This is not asking too much of him when it is fully understood that he has forced his party into appointing a nominee made possible by his credulity and which promises wreck the party.

Says the Louisville Post: "Judge Tarvin would rather take one chance—shooting a hundred at being a candidate for vice president than to be right a hundred times as a sure thing and on a dead level." The judge in aspiring to be second on the next national Democratic ticket will have about as much of a show to be so honored as a snow flake would have to last a decade in hoar.

The assertion that they will count Goebel in as governor whether elected or not, made by some of the fool followers of the fraudulent nominee, is something which will not be done and if done will cause some very serious trouble—all the word means. The counting of the ballots of the November election will be done fairly, and of his the people one and all can rest assured.

In Louisville they condemn old and dangerous buildings and they are demolished and new and substantial ones take their places. In Paducah they talk of such things and that is all they do about the matter. The Louisville way is the best one by which to make a city.

Has Tarvin gone east to get Carlie to let him and Goebel off from any expected of their former goldbuggery? He went east in haste, and the idea that he went to see Williams, of Massachusetts, is most likely a subterfuge.

Dicytus it is generally believed stands today virtually a free man. Formalities, it is said, alone rest ain him now.

Russian Also Claims That He Can Heal Imperfect Hearing.

The Russian electrician, Paul Stiens, is now in London, and he is exhibiting an invention by which he claims he can restore sight to the blind and even in those who were born blind. Stiens' idea, as described by him, is to supply a substitute for the sense of the eye by electricity.

"Immediately my apparatus is brought into contact with the body of the individual being operated on," said he, "as in the camera, it focuses the rays of light from the object to the brain, and sight is given. Objects are clearly seen. They are not inverted, but appear in their proper form. My apparatus simply constitutes a substitute for the lens of the eye."

Stiens claims also that his invention will make the deaf to hear perfectly.

"We all know," he said, "that even though the drum of the ear is at fault, if the small bones, called the incus, malleus and stapes, are present, a man is enabled to hear by means of a plug, which is put in his right ear. In fact, such a plug is called a false drum."

"Now with the aid of this invention, with the membrane and bones at fault, hearing is given with the application of the apparatus to the surface of the body. The body is a good conductor of the electric current and when the apparatus is in use a man wishing to talk to a deaf person speaks in the apparatus."

"The voice vibrations are carried through it to the person, thence by his nerves to the resonating chambers and along the eustachian chambers to the auditory nerves which convey the sound to the center of hearing in the brain."

When asked what happened when the auditory nerve was at fault, Mr. Stiens said another nerve would be gradually educated to take its place, but that it would take some time for this course to be perfected.

DISAPPOINTING TO GOEBELITES

Congressman John S. Rhea and Olin Jones opened the Goebel campaign at Kuttawa Saturday afternoon. The crowd by actual count numbered 110, notwithstanding that the meeting was extensively advertised.

The notable feature was the large number of Taylor and Brown buttons. In his speech of over an hour Mr. Rhea only mentioned Goebel's name once, and caused panic among the Goebelites by saying that the opposing Democrats were not bolters and could not be termed such.

Jones spoke about 30 minutes, abusing the administration and the Republican party generally. The meeting was a frost and disappointment to Goebelites here.

GENERAL HOLIDAY.

ALBANY, N. Y., Sept. 19.—Gov. Roosevelt today issued a proclamation setting apart Friday and Saturday, September 29 and 30, as holidays to be observed throughout the state as days of general thanksgiving in honor of the return of Admiral George Dewey to the United States. This will make the days indicated legal holidays.

A Frightful Loss!

A horror-stricken woman stood on the window ledge of a burning building a hundred and fifty feet high. The flames leaped around her; a fiery death seemed certain; suddenly a ladder was pushed through the fire and smoke; a brave young fireman clasped her in his arms; she was saved. "What time is it?" she asked when she reached the ground. "Quarter of nine, Miss," answered the young hero. "Too late," she murmured. "Too late," "Too late for what?" he asked. In a voice of deep despair she cried: "I have missed the first act of 'Casey's Troubles.'"

THOBE TALKS

The Famous Kenton Leader is Against Goebelism.

Danger to the Souls of Toil Comes in Election Laws Like Goebel's.

COVINGTON, Ky., Sept. 19.—Geo. R. Thobe, who will be remembered as the labor leader who made the race for congress against John G. Carlisle, in discussing the political situation said: "It is a struggle in which no class is as deeply interested as is the laboring class. The laboring man, the skilled mechanic, the man who works for wages in any line, is the first to feel the effects of business depression and is the last to recover. He is the first to feel the effects of vicious legislation, and he is the last to recover from them. His sole resource is in the ballot."

"The laboring man of this country is patient and long suffering; unlike the fighting man of the old country, he does not rush to revolutionary methods to accomplish his ends. He feels the dignity of American citizenship, and he is willing to suffer, in common with his fellow citizens, because he is an American workingman and has confidence that even if he has to suffer for a time, the sense of fair play and the inborn belief that justice is the right of every citizen, without regard to his calling, will eventually right the wrong. But now there is an attempt made to take the ballot from him in common with every Kentuckian, and with the going of the ballot the one legal weapon of the Kentuckian workingman is gone."

"Of what use are forms of law when the substance of justice is taken away?" said Mr. Thobe. "This Goebel election law has all the outward forms of right; but when it is examined what is found? That the final and uncontrolled exercise of power is vested in three men, not chosen by the people and not responsible to the people, and who were elected by the very legislature which enacted the infamous measure. American workingmen cannot stand for any such law as the Goebel election law, and Kentucky workmen are their brothers in other states. What has been done in Kentucky will be done in other states, and the success of the working of the Goebel election law in November will be followed by similar enactments in other states until the exercise of the right of suffrage will be a screaming farce. Are the workingmen thinking of these things? They are most assuredly, and they are keeping up the thinking," said Mr. Thobe, in conclusion.

DEWEY'S COMING.

Promises to Crowd New York to Overflowing.

NEW YORK, Sept. 18.—In ten days from today Dewey will be here, if the admiral's schedule doesn't go wrong, and already all hotel rooms are sold out. Such few rooms as are left are bringing fabulous prices. The work on the decorations is being pushed rapidly and everything will be in good shape when the hero of Manila arrives.

THE GREAT PRESIDENTIAL CAMPAIGN OF 1900.

The policies of the great political parties are now being formulated and the candidates discussed. The voice of the people as recorded by ballot at the approaching presidential election will probably decide the policy of the nation for the next decade. Every citizen must study the great questions that are to come before the people. These can only be done through the medium of a great newspaper. Now is the time, therefore, for every voter to subscribe for the best and most reliable newspaper obtainable. The Semi-weekly Republic covers the whole field of political news. While it is Democratic, it publishes the news in regard to all political parties without prejudice. Its telegraphic and cable news service is superior to that of any other paper. Its special features are the best. In fact, it is the paper for that large class of readers who cannot afford or do not have access to the daily papers.

Attention is also called to the Republic's Sunday Magazine. Its half-tone illustrations are alone worth the subscription price. It is made up of special articles by the best literary talent, embracing a variety of subjects of current interest. News features of absorbing interest are illustrated and enlarged upon. For the benefit of the ladies the latest fashions are handsomely illustrated. The Republic Sunday Magazine is always interesting to every member of the family.

The subscription price of the semi-weekly Republic is \$1 per year. The Republic Sunday Magazine \$1.25 per year. Both papers are now being offered at the very low price of \$1.50 for one year. To secure this low rate both must be ordered and paid for at the same time.

Observations

...at Random.

In a few days the people of Paducah will have an opportunity to hear again the ancient fire bell that many have followed in their younger days, when fire alarms were rung by stalwart arms and two long ropes. For years the old bell, which has about \$100 worth of silver in it to sweeten its tones, has served to call the people to worship on the Sabbath, and in after years to sound a warning note to the school boy to quicken his lagging pace and escape the fate of the tardy. It is still as mellifluous and as young and loud as in its younger days, and now that it has returned to its first love, its chery tones will arouse the peacefully slumbering citizen as in days of yore, and he will resume its place in the hearts of the people. This is because the hose tower at Central Station is almost ready, and when it is the old fire bell will be suspended at the summit, and will ring out all alarms instead of the city clock.

A great many stories are told of remarkable hunting dogs, but it is a story for Mr. Endel Burnett, the well known tobacco man, and hunter, to relate one of the most mercurious on record about a hunting horse.

The name of the horse was "Hosing Kangaroo," and so keen was his perception, and so astrophically developed his hunting instinct, Mr. Burnett declares that the animal would accompany him on his hunting trips, and travel like a dog. "Hosing Kangaroo" always knew how to find and bring back the birds his master killed, but instead of following his master like a dog, he remained at a distance nearly and placing his forefeet near the top railing, would stand on his hind legs and watch Mr. Burnett hunt all day, if needs be.

If the horse had not been sold Mr. Burnett could prove his story any day.

The public schools are nearly so crowded at present as they are likely to be later on, when the other school opens. The graduating class, which has not yet started in, is quite large—every year marks an increase. Where there used to be half a dozen graduates, there are now as many, often more, as twenty-four. Teachers say also, that children graduate younger now than ten or fifteen years ago, when they were mostly grown when they reached the senior class. Nowadays they not infrequently appear at commencement in shirt sleeves and knickerbockers.

The street work will shortly be over for the winter, and the completion of the sewerage in a few days will mark the closing of a new era in municipal affairs, for then it will not be impossible to keep the streets in better repair. People of Paducah have earned their lesson in sewerage building, and it is probable that will serve them well when the next sewer district is sewered. For they will know what to expect. Every city, in its transition, has to go through the same thing, but the reward comes sooner or later, and the results will repay for what has to be endured.

The city council last night in  
regular session, Mayor Lang in the  
chair, and Cor. Johnson presiding,  
acted on a petition from the  
citizens of the city, asking for  
the removal of the statue of  
Jefferson Davis, which stands  
in the city park. The petition  
was presented by Mr. Johnson,  
and was read by the clerk. The  
council then proceeded to consider  
the petition. The first motion  
was made by Mr. Johnson, to  
refer the petition to the  
committee on public affairs.  
This motion was seconded by  
Mr. Johnson, and the council  
then proceeded to vote on it. The  
motion was carried by a vote of  
5 to 4.

The finance committee reported  
a settlement with the city assessor  
for 1898. He made 16 double assess-  
ments on property and 92 on polls.  
The report was received, filed and  
concluded in the settlement made.  
Mr. Elliott said that it was not right  
to charge so much for double polls.  
The mayor replied that the assessor's  
book showed 6,707 polls, while the  
recent census showed only 3,900, and  
he thought the assessor was really  
ahead.

City Tax Collector Kraus reported  
the collection of \$1,050.75. Re-  
ceived and filed and the usual com-  
munications allowed.

Chairman Keel, of the ordinance  
committee, presented a petition from  
a property owner asking that Caldw-  
ell street be graded and gravelled from  
Eleventh to Twelfth at the expense  
of property owners. Also another  
providing for the improvement, which  
was given first passage. The time  
for the completion of the improve-  
ment is December 1.

Chairman Winstead, of the public  
improvement committee, recom-  
mended that inasmuch as the census of  
the city was complete, the names and  
residences of all male citizens over 21  
years of age, white and colored listed  
separately, be copied into a book to  
facilitate the tax collector in collect-  
ing polls.

The communication was referred to  
a special committee composed of Win-  
stead, Davis, and Johnson to report  
on the propriety of the recommen-  
dation and what action to take.

Chairman Davis, of the license com-  
mittee, read a communication from  
the county clerk relative to Phil  
Stephens being refused a county li-  
cense from which he took an appeal.  
Received and filed.

Chairman Keel asked if the council  
hadn't a right to revoke the license.  
He thought if the county did not  
grant the license the city ought not  
to as well.

City Engineer Wilcox and the street  
committee reported that the Illinois  
Central railroad tracks in Maiden  
alley near Washington street were  
seven feet in the alley instead of  
two and one-half feet allowed by  
ordinance. Report was received  
and filed and the railroad company  
was restricted to the ground allotted  
to it in the ordinance and required  
to move its track.

City Attorney Lightfoot said the  
company was trespassing and would  
have to remove the track.

**THE TRUE DEFICIT OF KENTUCKY.**  
Shuffling of Democracy, in Its Efforts to  
Make Political Capital, Exposed  
by the Scrutinizing Rays  
of Truth.

The following appeared in the Glas-  
gow (Ky.) News of late date:  
For the fiscal years 1898 and 1899  
the Republican state administration  
collected nearly a half million dollars  
in franchise taxes in excess of the  
amounts collected from similar sources  
during a like period of Democratic ad-  
ministration, and yet the deficiency in  
the general expenditure fund for 1898  
was \$526,194.23. At the close of the  
fiscal year 1899 the deficit in the gen-  
eral expenditure fund was \$625,806.73,  
an increase of \$99,612.50 over the pre-  
vious year. In the face of such a re-  
cord as this the Republicans have the  
gall to ask the people of Kentucky to  
allow them to control affairs for four  
years longer. Is it any wonder Gov-  
ernor Bradley refuses to make  
speeches in behalf of such a cause?

Is it any wonder that the people are  
losing all faith in statements emanat-  
ing from Goebel sources when they are  
confronted with such arguments as  
this? Mark how plain a tale shall put  
this confuser of the truth down.

The law now is and for many years  
past has been that the revenue derived  
from a tax of 5 cents on each \$100 of  
assessed values shall be set apart for  
the sinking fund, and shall be trans-  
ferred to the sinking fund, and only  
withdrawn from that fund in the man-  
ner prescribed by law. The deficiency  
figures given by the news appear large  
in comparison with the figures of Dem-  
ocratic deficits for previous years sim-  
ply because the Republican adminis-  
tration strictly followed the law, and  
its books show the actual condition of  
the treasury, while the Democratic ad-  
ministration disregarded the law in  
order to hide the true deficit in the  
general expenditure fund from the peo-  
ple. The difference in the methods  
to justify it in its efforts to make cap-  
ital by reducing taxes to a lower rate  
than the necessities of the state re-  
quired.

**Democratic Deficit.**  
Now we will give the Democratic de-  
ficits in the general expenditure fund  
as they would have appeared in each  
year from 1892 to 1895, inclusive, if the  
Democratic administration had made  
their books show the facts as the Re-  
publican administration has done.

The deficit in the general expendi-  
ture fund for the year ending June 30,  
1892, as stated by Auditor Norman,  
was \$273,118.88, but no transfers of the  
proceeds of the 5-cent sinking fund  
tax were made to the sinking fund for  
the months of September, October, No-  
vember and December, 1892, amount-  
ing in the aggregate to \$237,975.14, but  
this sum was used to take out the gen-  
eral expenditure fund without passing  
through the sinking fund as required  
by law. If it had been properly trans-  
ferred the deficiency in the general ex-  
penditure fund would have appeared  
as it really was, \$31,143.74, instead of  
\$273,118.88, as it was made to appear.

For the fiscal year ending June 30,  
1893, the deficit is given as \$296,364.53,  
whereas, if the transfers of the 5-cent  
tax revenue had been made as required  
in the months of September, October,  
November and December, 1892, amount-  
ing to \$215,820.31, the true de-  
ficit would have been \$73,544.22.

For the fiscal year 1894 the Demo-  
cratic auditor gives the deficit in the  
general expenditure fund as \$326,  
149.60, but no transfers of the 5-cent  
tax receipts were made for October or  
November, 1893, which amounted to  
\$231,415.38, and must be added to get  
the true deficit, which was \$1,041,  
531.22.

For the fiscal year ending June 30,  
1895, the deficit was given as \$225,  
920.04, but no transfers were made of  
the proceeds of the 5-cent sinking  
fund tax for nine months in that year  
and to get the true deficit that would  
have appeared if the law had been fol-  
lowed, \$350,655.60, the proceeds of that  
tax must be added, making the deficit  
\$1,321,505.87.

It thus appears that during these  
four years an aggregate sum of \$1,095,  
885.83 was kept out of the sinking fund  
to cover up deficits in the general ex-  
penditure fund and the deficit kept  
up notwithstanding the facts that  
during that period the general govern-  
ment refunded to the state the sum of  
over \$600,000 on its war claims and  
that the auditor from time to time had  
to suspend payment on warrants. And  
yet in the face of these facts some  
Democrats have the cheek to ask the  
people to elect Goebel—From Louisville

**Prisoners of State.**  
France is Now Trying to Convict  
Some High Traitors.  
PARIS, Sept. 19.—The senate acting  
as a high court of justice assembled in  
Luxembourg Palace yesterday to  
hear the charges against Paul Bon-  
cour, Marce Habert, Jules Guerin, and  
other conspirators against the state.  
The gardens of Luxembourg and neigh-  
boring streets were now crowded than  
usual, but the presence of a strong  
force of gendarmes and cuirassiers dis-  
courage any demonstrations. Imme-  
diately after the court assembled the  
Prosecutor General read the act of  
accusation which charges the accused  
with instigating the recent disturban-  
ces and with having invited Duke Or-  
leans to approach the French frontier.  
The prosecutor then endeavored to  
prove association particularly between  
the Duke of Orleans and Guerin and  
Boncour. Several papers today re-  
vealed the rumor that the Duke of Or-  
leans is in fortress with Guerin.

**WILL ADD TO QUARTERS.**

last week bought from Mr. Charles  
Reed the residence on Court street east  
of the high school building and directly  
in the rear of the Broadway drug

They are contemplating also to build

an early date. The lot is 57 feet  
front by 168 feet deep.

**The Misses Bell**  
Complexion and Hair Specialists.  
The brilliant complexions of women in the more exclusive circles of New  
York society are not explained by the theory that associates beauty and idleness.  
In fact, many leaders of the world of fashion are hard workers. Yet  
they have good looks even when they are old. How do they manage  
it? THE MISSES BELL, of 78 Fifth Avenue, New York, themselves con-  
nected with some of the most noted and honored families in the metropolis,  
have answered the question. They have prepared for the use of women in  
general, five preparations for improving the complexion and the hair.

**The Misses BELL'S  
COMPLEXION TONIC**  
Is an external application, the presence  
of which on the face cannot be detected.  
It is perfectly harmless even to the most  
sensitive skin. It is a sure and quick  
cure for all roughness and eruptions,  
and restores the complexion to its nat-  
ural purity. It is a most welcome aid to  
the beauty of the face. The Tonic  
removes pimples, freckles, black-  
heads, moth patches, liver spots, eczema,  
nettle rash, and all discolorations and  
imperfections of the skin. Price, \$1  
a bottle.

**The Misses BELL'S  
HAIR TONIC**  
Cures dandruff and prevents any return  
of it; stops that itching of the scalp  
and makes the hair strong, soft  
and lustrous. It is especially help-  
ful to persons whose hair is thin, dry and  
liable to fall out. The Tonic cleanses  
the scalp and restores the hair to its nat-  
ural growth. Price, \$1 a bottle.

**The Misses BELL'S  
CAPILLA-RENOVA**  
For restoring prematurely gray locks to  
their original color.  
It is not a dye nor a stain. It is a color-  
less liquid that is applied to the roots of  
the hair and leaves no telltale signs on  
the scalp or dress. The Tonic is the most  
certain and safe method of restoring the  
natural color of the hair. Price, \$1 a bottle.

**The Misses BELL'S SKIN FOOD**  
Is a soft, creamy, exquisitely perfumed ointment, which helps the action of the Tonic  
and, in mild cases of roughness, redness, pimples, etc., as a cure in itself. It cleans the  
pores of the skin of all impurities and feeds it by building up the texture and making  
the skin beneath it solid and firm. Price, 75 cents per jar.

**FREE**

cour, Marce Habert, Jules Guerin, and  
other conspirators against the state.  
The gardens of Luxembourg and neigh-  
boring streets were now crowded than  
usual, but the presence of a strong  
force of gendarmes and cuirassiers dis-  
courage any demonstrations. Imme-  
diately after the court assembled the  
Prosecutor General read the act of  
accusation which charges the accused  
with instigating the recent disturban-  
ces and with having invited Duke Or-  
leans to approach the French frontier.  
The prosecutor then endeavored to  
prove association particularly between  
the Duke of Orleans and Guerin and  
Boncour. Several papers today re-  
vealed the rumor that the Duke of Or-  
leans is in fortress with Guerin.

**WILL ADD TO QUARTERS.**

last week bought from Mr. Charles  
Reed the residence on Court street east

was bought for the purpose to utilize

an early date. The lot is 57 feet  
front by 168 feet deep.

**The Misses Bell**  
Complexion and Hair Specialists.  
The brilliant complexions of women in the more exclusive circles of New  
York society are not explained by the theory that associates beauty and idleness.  
In fact, many leaders of the world of fashion are hard workers. Yet  
they have good looks even when they are old. How do they manage  
it? THE MISSES BELL, of 78 Fifth Avenue, New York, themselves con-  
nected with some of the most noted and honored families in the metropolis,  
have answered the question. They have prepared for the use of women in  
general, five preparations for improving the complexion and the hair.

**The Misses BELL'S  
COMPLEXION TONIC**  
Is an external application, the presence  
of which on the face cannot be detected.  
It is perfectly harmless even to the most  
sensitive skin. It is a sure and quick  
cure for all roughness and eruptions,  
and restores the complexion to its nat-  
ural purity. It is a most welcome aid to  
the beauty of the face. The Tonic  
removes pimples, freckles, black-  
heads, moth patches, liver spots, eczema,  
nettle rash, and all discolorations and  
imperfections of the skin. Price, \$1  
a bottle.

**The Misses BELL'S  
HAIR TONIC**  
Cures dandruff and prevents any return  
of it; stops that itching of the scalp  
and makes the hair strong, soft  
and lustrous. It is especially help-  
ful to persons whose hair is thin, dry and  
liable to fall out. The Tonic cleanses  
the scalp and restores the hair to its nat-  
ural growth. Price, \$1 a bottle.

**The Misses BELL'S  
CAPILLA-RENOVA**  
For restoring prematurely gray locks to  
their original color.  
It is not a dye nor a stain. It is a color-  
less liquid that is applied to the roots of  
the hair and leaves no telltale signs on  
the scalp or dress. The Tonic is the most  
certain and safe method of restoring the  
natural color of the hair. Price, \$1 a bottle.

**The Misses BELL'S SKIN FOOD**  
Is a soft, creamy, exquisitely perfumed ointment, which helps the action of the Tonic  
and, in mild cases of roughness, redness, pimples, etc., as a cure in itself. It cleans the  
pores of the skin of all impurities and feeds it by building up the texture and making  
the skin beneath it solid and firm. Price, 75 cents per jar.
